Declares That Treaty Cov-  
ers Fully All Hun Ob-  
jections.

### FOCH IS ON RHINE READY TO ACT IF HUNS BALK

Negotiations On Adriatic  
Questions Still Are In  
Progress.

(ASSOCIATED PRESS TELEGRAM)  
Germany has met with another re-  
buff from the Council of Four of the  
peace conference in the effort her  
plenipotentiaries at Versailles are mak-  
ing to effect alterations in the peace  
treaty by setting forth objections in a  
series of notes.

The Council has refused to consider  
the note sent by the Germans regarding  
international labor legislation and in  
lengthy note states the reasons why such considerations is not given.  
The Council's belief that the terms of  
the treaty meet the objects the Ger-  
mans profess to desire is set forth, and  
the defects in the German plans are  
pointed out.

Vigorous measures that will be an  
immediate result of a refusal of the  
Germans to sign the peace treaty have  
been planned by the council.

Marshal Foch, commander in chief  
of the allied armies is on the Rhine  
front and dispatches state that he will  
take such action as is necessary in the  
event of the failure of the enemy to  
sign the treaty. An immediate eco-  
nomic blockade of Germany also is  
planned as a part of the program in  
case continued hostile action against  
the enemy is considered necessary.

The Austrian peace mission is at  
St. Germain-en-Laye near Paris hav-  
ing been adjourned Wednesday night, and  
the belief in some quarters is that the  
peace terms the delegates will be asked  
to sign will be presented to them within  
a week, possibly within three or four days.

The Adriatic question which has so important a bearing on  
the Austrian treaty has not yet been  
adjusted, however, and this fact may  
serve to delay the presentation of the  
terms.

Meanwhile there are reports that  
strong Italian forces have been landed  
at the port of Zara and Sebenico on  
the Adriatic coast between Flumet  
and Spalato. These forces are said to  
have moved inland and to be fortify-  
ing strategic points.

The note points out that Germany in  
two general ways passes from a grain  
to an industrial state. As an agrarian state  
it could feed four million persons and  
as an industrial country it was able to  
provide food for 67,000,000, the note de-  
clares. Before the war it was said 15,  
000,000 Germans were dependent for  
their living upon foreign trade, shipping  
and foreign raw materials. The note  
proceeds to indicate in detail how the  
peace conditions would produce eco-  
nomic paralysis, destroy Germany industry,  
and make it impossible to provide  
work and food for millions of people  
who would be obliged to emigrate or  
perish.

No relief work however large its scale or  
however long in duration could prevent  
a wholesale loss of life among the people.

"The peace terms," the note continues,  
"would demand of Germany several times  
as many victims as did the war. There  
have been nearly a million vic-  
tims of the blockade."

Count von Brockdorff Rantzau con-  
cludes by stating he considers it his  
duty before presenting further details  
to bring these general remarks to the  
knowledge of the allied and associated  
delegates and promises to furnish statis-  
tical evidence if it is required.

### SIX ARE DROWNED.

Portsmouth, N. H., May 15.—Six per-

sons including the captain's wife and  
four children and the engineer, were  
drowned when the coal laden barge  
Nanticoke, owned by the Potter Trans-  
portation company of New York, sank  
off the Isles of Shoals early today. Cap-  
tain William Gray and Allen McDou-  
gall, a deck hand, were picked up by  
the coast guard at Rye Beach after  
they had drifted about in a small boat  
for several hours. They are the only  
survivors.

**REBEKAHS HOLD  
PUBLIC MEMORIAL**

Ohio State Convention Hon-

ors Deceased Members at

Wednesday Afternoon

Session.

Large numbers of visitors are attend-  
ing the state convention of the Ohio  
Rebekah assembly, and the various  
delegates and officers are being entan-  
tained by the Newark members of the  
local organization.

"It has not been thought necessary to  
summon a labor conference at Versailles.  
The conclusions of a syndical confer-  
ence at Berne, which are reproduced in  
the draft of the international agree-  
ment on labor law referred to in the  
first paragraph of your letter of the  
10th instant, had already been studied  
with the closest attention."

Representatives of the trade unions  
had taken part in the preparation of the  
articles relating to labor.

"As appears, moreover, from an annex  
to Section II of Part XIII, page 200,  
the program of the first session of the  
international labor conference to be  
held at Washington next October com-  
prises the most important of the ques-  
tions raised at the syndical conference  
at Berne. Trade unions will be invited  
to take part in that conference and it  
will be held under direct rules which  
will provide for due effect being given to  
the questions subject only to the assent of  
the competent authorities in the coun-  
tries represented."

"The draft of the international agree-  
ment on labor law, prepared by the  
German government, is deficient in that  
it makes no provision for the representa-  
tion of labor at the international confer-  
ence which is proposed. It is also  
inferior to the provisions submitted in  
Part XIII of the peace conditions in the  
following respects:

"(a) Five years is suggested as a  
maximum interval between conferences  
(Article VII). The peace conditions  
one year. (Article 389).

"(b) Each country has one vote  
(Article VII). The peace conditions give  
a vote to each delegate, whether repre-  
senting a government, employers or  
workers (Article 389).

"(c) Resolutions are only binding if  
carried by a majority of four-fifths of  
the voting countries. (Article VIII). The  
peace conditions provide that a majority  
of two thirds only of the votes cast shall  
be necessary on the final vote for the  
adoption of a recommendation of the  
conference.

"The allied and associated govern-  
ments are therefore of the opinion that  
their decisions give satisfaction to the  
extent which the German delegate pro-  
fesses for social justice, and insure the  
realization of reforms which the work-  
ing classes have more than ever a right  
to expect after the cruel trial to which  
the world has been subjected during the  
last five years."

Accept, sir, etc.

## GERMAN NOTES TELL OF ECONOMIC DANGER

(ASSOCIATED PRESS TELEGRAM)

Berlin, Wednesday, May 14. Count

von Brockdorff Rantzau, head of the  
German peace mission at Versailles  
told M. Clemenceau, president of the  
peace conference yesterday three

notes, one of which deals with the econ-  
omic aspect of the peace terms and the  
effect they will have on Germany. It

is pointed out in this note that other  
countries are no longer a grain state and can  
not feed more than forty million peo-

ple. The economic terms of the peace  
treaty with their restrictions of armaments  
and other factors which are involved

means the note says, that "many mil-  
lions of people in Germany will perish

the more quickly as the nation a-

nd the more rapidly it is compelled to

adjust their differences.

### BUCKS ARE WOUNDED.

Berne, Wednesday, May 14.—An iso-  
lated band of Russian prisoners armed  
and wearing Bavarian uniforms and  
under command of Captain Gibbons  
attacked the garrison at Wartburg, Ger-  
many, a week ago. Gibbons' son was killed  
in the rear of the place with a shotgun  
shot in hand from which he fired and  
shot when he was attacked this morning.

The opinion states that the defend-  
ants who were convicted by a jury be-  
fore Federal Judge Hartlan C. Howe in  
Brooklyn did not have a fair trial.

**BIBLE STUDENT HEAD  
IS RELEASED BY COURT**

Washington, May 15.—Reverend of

the congregation of Joseph F. Rutherford

and seven other members of the Inter-  
national Bible Students association and  
other organizations who were found  
guilty of violation of the espionage act  
was ordered today in an opinion of the  
United States circuit court of appeals

(Article 404).

The allied and associated govern-  
ments are therefore of the opinion that  
their decisions give satisfaction to the  
extent which the German delegate pro-  
fesses for social justice, and insure the  
realization of reforms which the work-  
ing classes have more than ever a right  
to expect after the cruel trial to which  
the world has been subjected during the  
last five years."

## ANOTHER INDUSTRY CONSIDERS NEWARK AS POSSIBLE LOCATION

Officials of Company Will Visit City Next Week To Go Over Local Situation With Chamber of Commerce—Visit Follows Several Months Negotiation by Chamber

Next week Newark will be given an opportunity to consider another indu-  
trial prospect for the city.

The Chamber of Commerce, since last October has been negotiating with the tire company for several months but when the proposition developed it demanded immediate action. The secretary of the chamber has written the tire company asking if they would grant the city a little more time for further negotiation. No answer has been received as yet.

## LONDON HONORS EDITH CAVELL

Body British Nurse, Executed By Germans Taken to Westminster Abbey For Service.

(ASSOCIATED PRESS TELEGRAM)  
London, May 15.—England paid tribute to Edith Cavell, the English nurse executed by the Germans at Brussels October 12, 1915, here today when her body, enroute from Brussels to her native city of Norwich, was taken to Westminster Abbey for an impressive memorial service.

It was a public funeral, in which it seemed every resident of the great metropolis endeavored to participate. The street through which the cortège moved were congested with crowds and every inch of standing room in the neighborhood of the Abbey was occupied by a densely packed multitude who eager to do reverent homage to "that brave woman" as the bishop of London described her "who deserves a great deal from the British empire."

The congregation at the Abbey included high officials of the government and prominent in many walks of life. King George was represented by the Earl of Athlone, brother of Queen Mary.

The service was conducted by the Dean of Westminster. No address was delivered. The opening sentences of the burial service were sung by the choir, which then sang the 23rd Psalm and a short lesson from the Revelations of John.

The Litany, the Lord's prayer and two collects were then repeated, followed by hymn, "Abide With Me." The benediction was then pronounced and the Last Post and Reveille were sounded.

The service, which began at noon, lasted half an hour. The procession left the Abbey to the strains of Chopin's funeral march and proceeded to the station, where the coffin of plain oak was placed on a train for Norwich.

## AUSTRIANS MAY GET TERMS ON WEDNESDAY

## RHEUMATIC PAINS ALL GONE NOW

The chief symptom of rheumatism is pain and relief from pain is the greatest concern of the sufferer. But treating a symptom is seldom a satisfactory way of combating a disease for it is sure to return, with increased pain, at every change of weather unless the cause of it is removed.

Rheumatism is a disease of the blood and to avoid relapses year after year the blood must be made rich and red so that it can expel the rheumatic poisons.

The effectiveness of treating the blood with the right tonic is illustrated in the case of Mrs. Bell M. Allen, of 16 McLellan street, Brunswick, Me. "I had been troubled with rheumatism, off and on, for fifteen years," says Mrs. Allen, "but last spring I caught cold and was crippled up so badly that I was obliged to go to bed. There were sharp and shooting pains in my limbs and sometimes they were so intense that I couldn't lie in one position more than a minute at a time. "Dr. Williams' Pink Pills has been used in my family for many years and were highly regarded as a blood builder. I finally decided to give them a trial and after three boxes, I was able to walk about the house. I can now take long walks and the pains are completely left limbs and shoulders."

"Dr. Williams' Pink Pills has been used in my family for many years and were highly regarded as a blood builder. I finally decided to give them a trial and after three boxes, I was able to walk about the house. I can now take long walks and the pains are completely left limbs and shoulders. I have given Dr. Williams' Pink Pills to all my daughters to build up their blood and wouldn't be without them in the house."

Dr. Williams' Pink Pills for Pale People are sold by your own druggist or will be sent direct by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50. Write to the Dr. Williams Medicine Co., Schenectady, N. Y., for free blood book.

## FEEL IT IN THEIR BONES

Rheumatic sufferers are highly sensitive and easily affected by any change in the weather, "they feel it in their bones".

Rheumatism is the foe which steals away the joy of life.

"Neutrone Prescription 99", the different remedy, has banished winter terrors for all.

Each week more and more sufferers in all walks of life take "Neutrone Prescription 99" and every week adds more names to the long list of permanent cures. Go to your druggist today and get a 50c or \$1.00 bottle. It will repay you many times in health. Mail orders filled on \$1.00 size.

## RED BLOODED PEOPLE LIVE THE LONGEST

Red blooded people retain their youth and vigor until late in life because red blood ages slowly.

A child with impure blood seems old, while an old man with pure red ironized blood seems young.

Pure blood cleans the system with its matters, rapidly aging body, mind and spirit.

Pure blood is red blood, rich in Iron and Phosphates with power to rid itself of waste matter and able to carry life-giving oxygen to every cell and nerve. It makes both young and old bright, happy, healthy and full of life. It is the blood you need every day of your life, the rich red blood made by pure food, fresh air, restful sleep and "Phosphated Iron" taken daily.

Phosphated Iron is prescribed by leading doctors for all who are worn out, run down, nervous, weak, etc. This blooded people in all walks of life, they have learned to depend on it for honest results.

Special Notice—To insure physicians and their patients receiving the genuine Phosphated Iron, we have put in capsular form. You may now desire to substitute pills or tablets, instead of the genuine, in capsules only.

## Every Other Person Has Seborrhea

Nearly everyone suffers from the scourge of seborrhea.

But there is no need for people longer to have dandruff and falling hair.

Famo stops seborrhea and ends falling hair and itchy scalp.

It destroys the seborrhea germ by penetrating to the hair glands.

A healthy scalp results and vigorous new hair grows.

Famo contains no alcohol to dry the scalp and cause grayness.

It is sold on a positive money-back basis. If you are not satisfied with the results of the large bottle which costs One Dollar, your money will be returned.

There is also a small bottle of Famo at 35 cents. Famo is sold at all toilet goods counters and applications may be had at the better barber shops.

Seborrhea is a morbidly increased flow from the sebaceous glands of the scalp. The seborrhea excretion forms in scales and flakes and is commonly known as dandruff.

## BISHOP ANDERSON TO SPEAK HERE WED.

Rev. H. H. Meyer, D. D., Cincinnati editor-in-chief of the Sunday school publications of the Methodist Episcopal church, will preach at the First M. E. church on Sunday morning next. Dr. Meyer has just returned from a trip to China and Japan.

Bishop Anderson will speak next Wednesday in the Zanesville district, and will give a talk at a luncheon to be given in the Masonic Temple here at noon on Wednesday, and at 2:30 in the same afternoon will talk at the First M. E. church. He has recently returned from an official visit to Belgium, France and Italy, and was accorded one of the most remarkable receptions ever given to a Protestant minister. His talk at the Masonic temple will be to the men of the M. E. churches of the city and county who can possibly be present, while the address in the afternoon will be to those who desire to attend. Bishop Anderson is one of the most interesting speakers on donations in the Methodist church. He will speak on the reconstruction work of the centenary.

## HUN PRISONER EIGHT MONTHS; VISITS CITY

Captain William Gordon of Findlay pleasantly surprised his cousin, Geo. F. Fenner, paying him a visit last evening and staying over night in Newark while on his way to Washington. Capt. Gordon was captured by the Hun while working in the front line trenches as a medical officer and was confined in a German prison camp for eight months. He was released on Nov. 29, 18 days after the signing of the armistice. He stated that the Huns were better to Americans than other prisoners toward the close of the war, knowing that they were beaten, and they depended on America to help them in peace negotiations. Captain Gordon stated that no matter what terms were imposed upon Germany in the peace pact they could not be too severe for the world would never know of all the terrible atrocities committed by its soldiers.

## WILL ACCEPT MARINES FOR LIMITED SERVICE

Men are now being recruited among discharged marines and soldiers, for limited service in France with the marine corps. The men who enlist must have honorable discharge papers, and they will be sent to the marine barracks, at Quantico, Virginia.

Those who enlist in the limited service will be sent to France to relieve men who are now there and will remain until fall when all troops will be withdrawn. They will be discharged upon their return to the United States. The local postmaster will accept the applications for enlistment and will secure transportation for the applicant to Cincinnati, where if he passes the examination he will be transferred to Quantico.

## LIQUOR LICENSER CONSULTS WITH BOARD

County Liquor License Commissioner David Murphy is in Columbus today in conference with the state board regarding the closing date for saloon licenses a week from next Saturday night. Three applications have been made for a contract to conduct business over until the following Monday night, and the tax, \$305, has been paid. Commissioner Murphy also stated that a decision will possibly be given us to when the terms of county license commissioners expire, some holding that the tenure of office ends with the state becoming dry May 27th, while the commissioners state that their commissions read until Jan. 1, 1920.

## JOHNSON WILL ADDRESS Y. M. C. A. DINNER TUES.

The Y. M. C. A. is arranging a dinner for Tuesday evening, May 20, at 7 o'clock at the Warden, at which time former Secretary Frank L. Johnson will be present and talk before returning to France. Mr. Johnson had a wealth of experience having served for many months with the Y. M. C. A. in France. The dinner is also to be made the occasion of discussing the election of some new members to the board. Those desiring to attend are asked to make reservation.

## MAY LOSE EYE AS RESULT OF ACCIDENT

Charles G. Richardson, a carpenter and contractor of 227 John street, and son of Henry C. Richardson of Maple avenue, will probably lose the sight of his eye as the result of an accident.

## THE PROGRESSIVE TOWN.

The spirit of knocking kills more progress than anything else. For every public spirited leader, there are a dozen knockers. These folks enjoy sitting back and making fun of everybody and everything. As it is very difficult to start any kind of a good proposal without doing something incongruous, they find plenty of mark for their wit.

It is profoundly discouraging, when people are giving time and effort and thought for the public good, to find a lot of their townspeople poking fun at it. A great many persons, on finding that their efforts to promote progress excite only ridicule, will quit and let some one else try it next time.

To promote a progressive movement, some one person or some few people must take a conspicuous position of leadership. Immediately those of an envious type of mind begin to think that these people are thrusting themselves forward, that they are getting too much honor and prominence. So they immediately begin to carp and criticize. This spirit has killed the progress of many towns.

Town Progress can occur only where the spirit of knocking is practically non-existent. The people who themselves are not able to take the lead must be willing to follow and give hearty support. There must be a friendly sentiment binding together all elements. Whoever gives time and effort must feel behind him, not hostility and envy, but universal approval and warm hearted support.

Newark has to a large degree this spirit. It has already accomplished many of the ends of town progress. But the procession is moving on fast. To keep in the game Newark must feel the inspiration of these marvelous days, and press on to higher levels of social and business advance.

The fact of licensing people to engage in various kinds of business is becoming popular. Pretty soon the mechanic will be licensing the store keeper, the store keeper will be licensing the farmer, the farmer will be licensing the manufacturer, and the manufacturer will be licensing the mechanic.

It is denied that the stocks for which the suckers are swapping their Labor bonds, are worthless as the tickler will pay 20 cents a hundred pounds for the certificates.

Not merely are some people getting the six hour working day, but we are figuring how they can speed that six hours in the most restful way.

A large number of young men are now expected to buy airplanes for sporting purposes, as automobile driving is getting too safe.

## EFFICIENCY OF ADVERTISING.

The efficiency of a business depends largely on the speed with which the capital is turned over.

Take the case of a store with a capital of \$20,000. At 6 per cent, it must charge \$1200 against its goods for interest each year. If it is selling 10,000 articles annually, it must add 12 cents to the price of each article sold as an interest charge. But if by turning its stock more rapidly, it can sell 20,000 articles annually, it only has to add six cents to the price of each article of interest.

Advertising accomplishes this reduction of interest costs. By advertising, a lot of goods can be quickly marketed and turned into cash. The money can be at once used to buy more, instead of having the goods lie idle in a store. As a general rule, non-advertisers keep their goods longer time than advertisers. So the public has to pay a heavy interest charge on goods lying idle a long time before they can be worked off in non-advertised stores.

## BASEBALL.

With the ball parks again resounding with the crack of the bat and the yell of the bleachers, American life is getting back to normal again. The prophets of baseball are predicting a great year. After a period of strain, popular relaxations draw great crowds. If the game doesn't pay this year, it never will.

Perhaps nothing in American life interests more men. The youth from the little prairie village finds the same keen enjoyment in it as the street bred metropolitan kid. No sectional line divides its territory.

Presidents, governors, congressmen, all find pleasure in the sport. Types as diverse as the minister, the bantidder, the capitalist, and the loafer, applaud good plays with equal enthusiasm and groan with equal despair when the home player makes an error.

Baseball owes its interest to its intensely competitive character and its dramatic action. American every day life is always a race. The people are keenly interested in competitive struggle of any kind. It is a wonderful diversion to turn from the more serious rivalries of one's work, and witness the athletes struggling in fierce competition for the play of mastery of their field.

Also it is a marvelous display of the triumph of man over matter. The low throw from the catcher to second base, as swift as an arrow and accurately aimed as a bullet, has an incomparable beauty. The quick thinking of the player, who in the merest instant of time sees a situation which the ordinary man would need ten minutes to think out, also arouses keenest admiration. It's a wonderful game. Passing years will increase rather than diminish its hold.

Reading that a stained glass window fell and killed a worshipper at Trenton, N.J., many men will probably conclude that it is dangerous to attend church.

Some people whose heads were too tired to read the war news, can give a very intelligent account of the Willard-Dempsey fight prospects.

## A RETRIBUTION.

(Ohio State Journal.) The body of Miss Edith Cavell has been disinterred and is to be buried in England, at the old home. There has been no death in all the war that has excited more resentment than that of this noble nurse. The disinterment will strengthen the purpose to bring the murderers to justice. They are known and it is within the scope of the terms of peace to arrest them and tried them as criminals. While we may not believe in revenge, there will be a great satisfaction in having these Hun assassins executed. There was no meanness, more heartless, or more revolting deed in the war than the murder of Edith Cavell. Her very sacrifice wins for her memory the hearts of the world. So kindly had nature loved her that when her body was exhumed, the beauty of her face was still to be recognized, though she had been murdered by Germany many months before.

## Spirit of the Press

Belgium Accepts Terms.  
The announcement of the Belgian Government that it will sign the treaty of peace, although denied some territories which it felt it needed to correct frontier and protect itself from possible enemies in the future and although the demands of compensation were not entirely to her liking, is very gratifying.

Belgian arbitrations could be held in dealing with world problems. One could tell all Belgian fears to be quieted.

But it is safe to assume that of all the countries that suffered from German残酷ness, Belgium will come the last to be brought to reason. Some of its losses are irreparable but it is recovering from prosperity and happiness again as assured St. Louis Globe Democrat.

## RUSSIANS TO START ADVANCE ON MOSCOW

(ASSOCIATED PRESS TELEGRAM)  
Paris, Tuesday, May 15.—French Wireless Service, Russian—Plans are being made by the all-Russian government at Omsk to begin an advance on Moscow. Admiral Kolchak, the head of the government, declared in an interview with the correspondent of the Parisien. In discussing the military situation in eastern Russia, the admiral said:

"Owing to the thaw and the difficulty of moving the artillery forward a hull prevails. But the operations will be resumed before long and we will try to establish and guarantee communication with Archangel and also with General Denikine in the south."

The advance in the direction of Moscow will then begin. The capture of Moscow is the supreme end, the principal aim to which our wills must band. But we must first reach the purely strategic aim which is the destruction of the soviet army. This is the end to which I will devote my attention."

## START WORK ON BIG TOLEDO FIGHT ARENA

(ASSOCIATED PRESS TELEGRAM)

Toledo, May 15.—Work of building the arena which will seat 30,000 to 60,000 persons for the Willard-Dempsey heavyweight championship prize fight here July 4th was begun here today with the delivery of lumber on the grounds. Tex Rickard, promoter of the fight ordered half million feet of lumber and later will place an additional order of 1,000,000 feet.

Jack Dempsey, challenger of Willard, did not arrive today and was not expected until tomorrow. He is motoring here from Chicago and was expected to spend tonight at South Bend, Ind. He is accompanied by his wife and manager.

Because of pressing business here in connection with the championship bout, Tex Rickard announced that he would not go to Cleveland tonight to attend the Kilbane fight here. Earlier in the week he promised Dave Jones, secretary of the Cleveland boxing commission that he would be present.

## STATE AND FEDERAL GOVT'S. TO AID CLINICS

Columbus, May 15.—Assistance will be given by the state and federal governments to any Ohio city desiring to establish a venereal disease clinic through the bureau of venereal diseases maintained jointly by the United States public health service and the Ohio state department of health. The latter department in a statement today called attention to this phase of the anti-venereal disease campaign in the state.

Fifteen cities have taken advantage of the offer of help and have provided free facilities for treatment of venereal disease patients unable to pay for competent medical attention. A physician is provided by the bureau of venereal disease and equipment and quarters for the clinics are provided by the city.

Provisions is made under the state regulation for the prevention of venereal diseases for the quarantine of patients whose habits make them dangerous to the public health. In addition to offering treatment facilities, the clinic serves as a center for educational work in its community.

Five thousand dollars will be given to each city for the construction of a new building, which will be used for the clinic.

The city will be responsible for the payment of the expenses of the clinic.

## THE ADVOCATE'S WATCHING P

There are persons who are never easy unless they are putting their books and papers in order. If anything is left where you want it, it is called litter. There is a popularity in housewifery, as well as in the newest concern—housekeeping.

Picked Up Mr. Burleson. Well, if the office needs the man, the postoffice, etc., it is all right. To seek must have been tired, by gar, so did not feel like seeking far.

Identification Marks. Aunt Caline says: Yesterday I hurried up my work and went down to Rita Lott's, which she is poorly dressed, has some trouble with her bronchitis, etc., set right to work to look him up. Found him in a field, few things to eat. He'd been ill, was his husband, etc. Now that son is here, Caline says, "I'll just go down to the place of birth and tend to the pigs." She is a good woman, says Aunt Caline. "Pretty soon a nice little Want will come to the door," says Mr. Lott, "and I'll open it up, and a man, etc. I'm hunting for him in the pig lot, feeding the pigs," says he. "Well," says the man, "I'll just stop down there if you'll tell me how to find him," he says. "Well," says Want, "you go throw that gate across the lot and it's just behind the barn. There's lots of hogs there, but

which he says offhand. Extinction of flies will mean fewer deaths from typhoid fever and fewer deaths of babies. Last summer, declared the health department in its anti-fly statement: "Typhoid fever is spread by flies which deposit the germs of typhoid fever in their feces. Intestinal disorders which are the greatest source of baby deaths in summer are spread in the same manner."

The department used careful screening of houses, destruction of manure piles and other suitable breeding places for flies and protection of all toilets by screening or other means of preventing flies from coming into contact with the contents.

You never can tell. Even the man who wakes up in the morning with a clear head may have a cloudy conscience.

JAMES EARNEST KARNES, Sergeant, Company D, 117th Infantry.

Sgt. Karnes, whose home is with his mother, Mrs. Emily Karnes, 2501 North Broadway, Knoxville, Tenn., was decorated for extraordinary heroism in action near Estrees, France, October 8, 1918. During an advance, Sgt. Karnes' company was held up by a machine gun, which was enlading the lines.

Accompanied by another member of his company, he advanced against this position and succeeded in reducing the nest by killing three and capturing seven of the enemy and their guns.

## PILE SUFFERERS! CLEVER OHIO CHEMIST SAYS THIS GREAT PRESCRIPTION TAKEN INTERNAL HAS NEVER FAILED

Even chronic cases of 20 to 30 years standing, with profuse bleeding, have been completely cured in from three to ten days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists as Miro File Remedy.

It has been proved that so-called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source of the trouble.

This prescription, although taken internally, is not digested in the stomach, but is rapidly passed on unchanged to the intestines in a short time, reaching the exact place where its soothing, healing action, it first attacks all inflammation and then by direct contact with

all ulcers and piles, causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days at most, even in cases with profuse bleeding that have resisted all known treatments and operations. really wonderful results have been accomplished.

The author of this amazing discovery desires all sufferers to know that he does not want a cent of anyone's money unless Miro File Remedy decisively conquers even in the worst cases and he has instructed druggists all over the land to guarantee it in every case of blind, bleeding, or protruding piles.

**IMPORTANT.** What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro File Ointment has been prepared as in such cases it is not necessary to take the internal prescription. For sale by T. J. Kraus and W. A. Kraus.

Thsi place was well represented at the baccalaureate services at Martinsburg, Sunday night. The address was delivered by Rev. Mr. Barnes of the M. E. church.

Mr. and Mrs. Frank Purcell and two children of Newark spent Sunday with Frank Wilkin and family.

Miss Gladys Hamilton returned home last Wednesday from visiting friends at Fairlawn.

Mr. and Mrs. Harry Wilkin were Sunday guests at the home of their uncle, Samuel Hamilton.

## FILET SWEATER IS FASHION'S LATEST

In common pleat court in the case of Geo. Clark vs. Thomas Johnson, a suit brought to recover for board and lodgings furnished defendant's wife and children, the jurors found a verdict for plaintiff for \$162.89.

In the case of Wilson F. Gault vs. Thomas Johnson, a suit brought to recover \$102 for board and lodging furnished the same parties, the jurors found in favor of Gault.

**Chalk Substitutes for Cement.**

Ordinary chalk, treated by a new European process, becomes a cheap substitute for cement, strong enough for house-building use. It sets in water, and resists the action of moisture. —*Popular Mechanics Magazine.*

## EUROPE'S DRIVERS IN BIG AUTO RACES

Six Who Have Won Titles  
Will Kick Up the Dust on  
Indianapolis Speedway.

Indyapolis, May 15.—Six drivers who have won nine world's championship road races in Europe and America will face the starter in the 500-mile Liberty sweepstakes at Indianapolis, May 23. Jules Dublot, Louis Wagner, Eddie Pullen, Dario Resta, Ralph Mulford and Ralph DePalma.

Dublot, in 1913, captured one of the dual grand prix races run that year, relinquishing the other only to the late Georges Boillot, his greatest rival. In the race in which first honors were denied him he finished second, being beaten only by a hair.

Louis Wagner crossed the seas in 1906 and took one of the early Vanderbilt cups run on Long Island. Two years later he returned and won the first American grand prize race at Savannah. In 1914, just before the world war, he teamed with the Mercedes aggregation in the French grand prix, and drove his car into second place, being beaten only by the celebrated Lautenschlager, his team captain.

Dario Resta is the only American ever to win the American grand prize with an American car. He accomplished this feat in 1914, when he outdistanced the field in a Mercer. He will drive a Hudson this year at Indianapolis.

Dario Resta is the only driver ever to win both the Vanderbilt and grand prize races the same year, scoring two consecutive wins in these contests during the San Francisco world's fair in 1915. Dario has been driving a Peugeot since his arrival in this country, but this year is back with his first love, the Sunbeam.

Ralph DePalma shared with the late Harry Grant the honor of having won two Vanderbilt cup races—in 1912 at Milwaukee, and in 1914 at Santa Monica. Ralph also has a string of other road races at his belt—notably the last two contests at Elgin in 1915.

Ralph Mulford won the 1911 Vanderbilt at Savannah. The same year he finished second at Indianapolis. Since then he has been somewhat out of luck, but this year promises to stage a determined comeback.

With six such stars in competition, each a diamond of purest water, with long strings of victories to his credit, the chase for the \$50,000 prize on May 31 promises to be the hardest fought in the history of the Indianapolis track—greatest race course in the world.

## FOUR MILLION TO VOTE ON STRIKE

Ballots on Proposed Protest  
Against Imprisonment of  
Thomas Mooney Will Be  
Counted June 2.

Chicago, May 15.—Officials of the Chicago Federation of Labor announced yesterday that the votes of organized labor on the Mooney general protest strike program will be counted in public on June 2 by the federal intervention committee.

It was stated that 80,000 organized workers in Chicago have voted to accept the program and that 4,000,000 votes would be cast throughout the country to decide whether the wheels of industry shall remain motionless until Thomas Mooney and Warren K. Billings are released from prison.

The Chicago directory lists 39,000 workers who voted unanimously for the general strike in behalf of the two men in San Francisco. Sixty thousand iron and steel workers here also favored the strike; it was announced.

## HOUSE WON'T AID IRISH TO MEET LLOYD GEORGE

London, Tuesday, May 15.—It was learned tonight in official quarters that Frank P. Walsh, Edward Dunn and Michael F. Ryan, representatives of Irish societies in the United States who have been visiting Dublin and other cities in Ireland will not be received by Premier Lloyd George on their return to Paris, nor will they be accorded any semi-official recognition.

They learned their efficiency in American corporations—learned to make sure they were right, then go "full speed ahead." For that is the spirit of American business—that, for instance, is how corporations buy their tires.

Take the Iten Biscuit Co., in Omaha, for example: Out of a thousand Diamond Tires used in 1918, 995 made marks between 7,200 and 18,000 miles.

There's an example of American efficiency for you—efficiency in the production of big mileage tires at a reasonable price, and efficiency in knowing how to buy big money's worth.

## UNITED STATES LOST 80 SHIPS BY U-BOATS

London, May 15 via Montreal. The ministry of shipping announced today that the number and tonnage of allied merchantmen lost through enemy action in the war were as follows:

Great Britain 218 ships, 7,633,000 tons.

France 23 ships, 297,000 tons.

Italy 26 ships, 150,000 tons.

United States 40 ships, 272,000 tons.

In addition to the British ships above, twenty other vessels aggregating 25,000 tons were lost on American service.

## WOMEN BACKING THE SOLDIERS

When the history of the war has been written, the work done by the women at home will impress itself upon this nation a few even not realize. Literally millions of women left their homes and took up a life of toil before the war began. And of those who have returned to their former homes after long hours of work in knitting and in forming clubs and dressing up the boys. Over there some may have worked at the expense of health and are now suffering from headaches, backaches, dragging down pains or some derangement. It should be remembered that Lydia E. Pinkham's Vegetable Compound for more than forty years has been restoring such women to health and strength, and is now recognized as a standard remedy.

## ANTIS WILL FIGHT FOR ENFORCEMENT

League Will Direct Efforts  
In Securing Observance  
of National and State  
Prohibition.

ASSOCIATED PRESS TELEGRAM.  
Columbus, May 15.—Now that war time prohibition is a law effective July 1 and constitutional prohibition effective January 16, next comes on top of the war time measure, many persons are asking what the plans of the anti-Saloon League are and whether its work is done. In a statement issued yesterday from national headquarters of the league at Westerville, it is asserted that first and foremost the league expects to continue in its work to the end that both wartime and constitutional prohibition and both federal and state prohibition shall be enforced.

While it will be declared by the league that it will be made impossible for any one who wants to set up a kitchen still or a cellar brewer in his home, nevertheless, prohibitionists recognize the fitting truth and consistency of the old doctrine that every man's home is his castle. Besides, they say, it will not be invaded by a horde of lawless, unprincipled detectives.

There will be unceasing and relentless war on the bootlegger, the saloon keeper, the moonshiner and the blockade runner, but the detectives

reputable citizen need not fear that his wife's bedroom will be invaded by an overzealous stoolie searching for a possible cache in her clothes closet of home-made dandies.

In short, it is believed that the League has been constituted as a peace officer, and now the time has arrived when its absolute prohibition.

The further work of the League has to do with the enforcement of the prohibition. It is to interfere in the affairs of other nations, it is to aid in similar organizations in other countries in their fight against

**RHEUMATISM LEAVES YOU FOREVER**

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poisons Start to Leave the System Within Twenty-four Hours.

**Every druggist in this country is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenhu, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.**

Allenhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases. Here is the suffering and agony of intercostal pleurisy and when the patient was helpless.

Allenhu relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenhu, who for many years suffered the torments of rheumatism, deserves all suffering to know that he does not want cent or anyone's money unless Allenhu conquers this world of all diseases, and he has in created his Drug Store to guarantee it in every instance. **Burning Truth.**

Said the facetious fellow: "These golf fanatics get a lot of satisfaction out of reducing their strokes from last season, but the real joy of life comes from being able to reduce the number of tons of coal from the winter before."

**GRANVILLE**

(Special to the Advocate.)

Granville, May 15.—On a stage banked with palms, ferns, and branches of spring verdure, with a touch of color provided by numerous bouquets of tulips, the members of the Music club presented their closing program Wednesday evening before a large audience of invited guests assembled in Bechtel hall. Russian compositions for two pianos, four hands and choruses for women's voices made up a program of rare distinction and charm. The guests were received by the officers, Mrs. C. W. Chamberlain, president; Mrs. M. E. Stickney, vice-president; Mrs. Paul Belfeld, treasurer; Mrs. J. D. Thompson, social committee; Mrs. Barton Case, secretary. Mrs. Chamberlain introduced Mrs. C. B. White as leader of the program and her announcements were accompanied by a brief recital of characteristics of the composer or composition offered. "Variations on an Original Theme" by Schubert was played by Miss Rose Kerr, accompanied on a second piano by Miss Besse Larkin, honorary member from Newark.

At "Valley of the Palms" a choral ballad—Mrs. T. S. Johnson and the Chorus.

"Intermezzo" by Moussorgsky—Mrs. Mabel Ashton, Mrs. C. B. White.

A group of Tchaikowsky numbers, included a double trio, "Dawn"; a "Chorus of Reapers" sung by the Chorus; "Troika," played by Mrs. Bridges and Miss Eva Wright; "Honak," (Danse Cosaque); Mrs. Mather and Mrs. Darrow; a chorus from "Prince Igor" by Borodine; Mrs. Rohrer and the Chorus; "The Lonely Pine," "Night," "The Angel," Rachmaninoff, a double trio; "Kamarinskaja, Fantasia," Slinka, Mrs. White and Mrs. Blefeld; Roussina et Trepak; Rubenstein, Miss Hagmeir and Miss Larkin; "Song of the Shepherd Leh," "The Dragon Flies" by Rimsky-Korsakoff, double trio; "Orgy" by Ilyinsky, Miss Larkin, Miss Hagmeier; "The Three Cavaliers," Mrs. Johnson and the Chorus.

Many out of town guests were present, among them a large company from Ohio.

Ohio Iota of Phi Delta Theta fraternity will give the annual spring garden party on the evening of May 27.

Letters have been sent to the alumnae of Shepardson college signed by Mrs. Lorena Woodrow Burke, president and Miss Clara Davies secretary, urging those who expect to return for commencement this year not to delay in making their reservations. The college proved its interest in room and board by giving \$1.25 a day to every limited number of alumnae who first send for reservations, to Mrs. Clara T. Brumback.

The class of '09 will hold its reunion in Granville June 7-11.

Beta Theta Pi fraternity will celebrate its semi-centennial June 11-12.

President Chamberlain states that a satisfactory adjustment has been made with the government in the matter of the student army training corps at Denison last fall. No figures were given although it is understood that Denison's contribution to Uncle Sam at that time was a substantial one.

Rev. and Mrs. C. E. Stanton leave today for Denver, Col., to attend the meetings of the Northern Baptist convention to be held May 21-27. Others who will go from Granville during the week are Rev. T. F. Chambers, Dr. and Mrs. J. H. Scott, Rev. and Mrs. K. Singletary, Rev. and Mrs. W. M. Young and President C. W. Chamberlain.

Mrs. Nina Bingner Shepard, a former student in Denison who has spent several days this week with her aunt Mrs. Himes left today for her home in Cincinnati.

Arthur Lowell Johnson, who enlisted in the aviator section and won his wings, "at San Antonio, Texas, has been ordered to McCook field at Dayton and assigned to the equipment section radio branch.

Mrs. C. D. Coons entertained with a charmingly appointed gift party Wednesday afternoon honoring Mrs. E. P. Johnston. The guest list included 25 mothers of the Denison faculty set.

The hostess was assisted in serving refreshments by her little daughter Jane and Annabel Pierce.

**GOING TO DAYTON.**

This article was copied from the Daily News. All these Dayton people have had goitre removed with Sorbol Quadruple. Any of them will gladly tell you their experience. Mrs. Louise Will, 226 Gettysburg Avenue, Mrs. C. A. Arnett, 117 Clay St., Mrs. Hattie Marshall, 1250 Xenia Ave., Miss Hulda Bohm, 224 Highland Ave., Mrs. Chas. Pfauen, 100 East High St., Mrs. G. A. Moore, 218 Gettysburg Ave., Mrs. Alice Hambrecht, 514 St. Joseph Ave., Mrs. Hester Humpie, 829 Steele Ave.
